TAP TO  
PROCEED  
Press on screen

The advertisement on the screen features a muscular man in a yellow shirt and black shorts, flexing his arm. A large yellow lightning bolt is positioned over his arm. The background is orange with several dumbbells scattered around. The text 'ISHAKER' is at the top, followed by 'TAKE THE ENERGY'. Below that, a smaller version of the product packaging is shown with the text 'ISHAKER CREATINE SHAKES 100% NATURAL'. At the bottom, it says 'TAP TO PROCEED Press on screen' with a hand icon pointing to the screen.

## Which one to choose?

Choose Shaker Model S if you're in a smaller gym, boutique fitness studio, café-style space, or setting where traffic is moderate and footprint must remain small.

Choose Shaker Touch 2 if you operate a high-traffic location, fitness chain, or want to offer a premium self-service shake bar that can handle big volumes and deliver variety.

# Branding

With custom branding, your protein or milkshake dispenser becomes a statement piece inside your gym.

**ISHAKER**

**Put your  
logo where  
the energy  
flows!**

***ISHAKER***

# Turn your Ishaker machine into more than just a fuel station.

With custom branding, your protein or milkshake dispenser becomes a statement piece inside your gym.

## What we offer:

Custom side-panel sticker design with your logo & colors

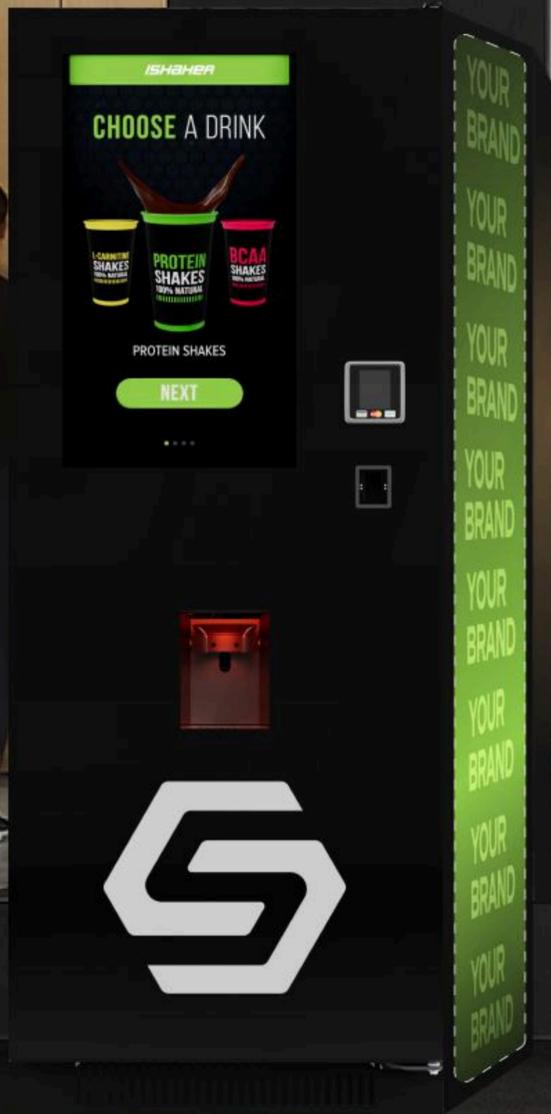

Branded look aligned with your gym identity

A powerful visual point that members notice every day

in your power

# Technologies

## Precision Valves

Thanks to four large-capacity containers for protein powder.

## Modular Containers

each module can be serviced independently.

## Sealed Connections

prevent leaks and product loss.

## Flexible Water Supply

compatible with bottled or direct water connection.

## Pumps & Filters

maintain stable pressure and clean liquid flow.

## Easy Service Access

quick maintenance of tanks and components.

## Control Board

the brain of the machine, managing all processes.

## Sensors & Wiring

monitor ingredient levels and system status.

## Cooling System

keeps electronics stable and reliable.

## Auto Cup Dispenser

hands-free, clean serving.

## Touch screen

quick and easy drink selection.

## Cashless Payments

fast and secure checkout.

**ISHAKER**

# Cooling Model

Each machine comes with an electronic cooler that maintains drinks at a refreshing 15 °C. For maximum performance, an additional compressor-based module with internal heat exchanger lowers temperatures to 5 °C. Whether placed outdoors or in a busy indoor space, your beverages remain reliably chilled.

**ISHAKER**

# Water Connection

Flexible water supply designed to adapt to any location.

**Central Water Supply  
(External Source)**

**Direct water.  
Non-stop operation**

**Internal Water Tank  
(Gallon Bottle)**

**Flexible water  
refill *anywhere***

The machine connects directly to the building's main water line. This configuration ensures continuous operation without manual refilling — ideal for high-traffic gyms and large fitness facilities.

The machine operates using a built-in water tank system connected to a gallon bottle. Perfect for locations without direct plumbing access or for flexible placement inside the club.

flavors**

**PROTEIN  
SHAKES**  
100% NATURAL

**ISHAKER**

# Flavors

## Whey Protein Shake

Classic whey for muscle growth & recovery.

## Diet Protein Shake

Low-calorie protein for weight management.

## BCAA Shake

Supports muscle recovery & endurance.

## Recovery Shake

Replenishes nutrients post-workout.

## L-Carnitine Shake

Aids fat metabolism & energy production.

## Isotonic Shake

Hydrates & replenishes electrolytes.

**ISHAKER**

# Flavors

## Multi-Protein Shake

Blend of proteins for sustained energy.

## Pre-Training Shake

Enhances focus & performance.

## Energy Shake

Boosts stamina with natural caffeine.

## Vegan Protein Shake

Plant-based protein for clean nutrition.

## Classic Protein Shake

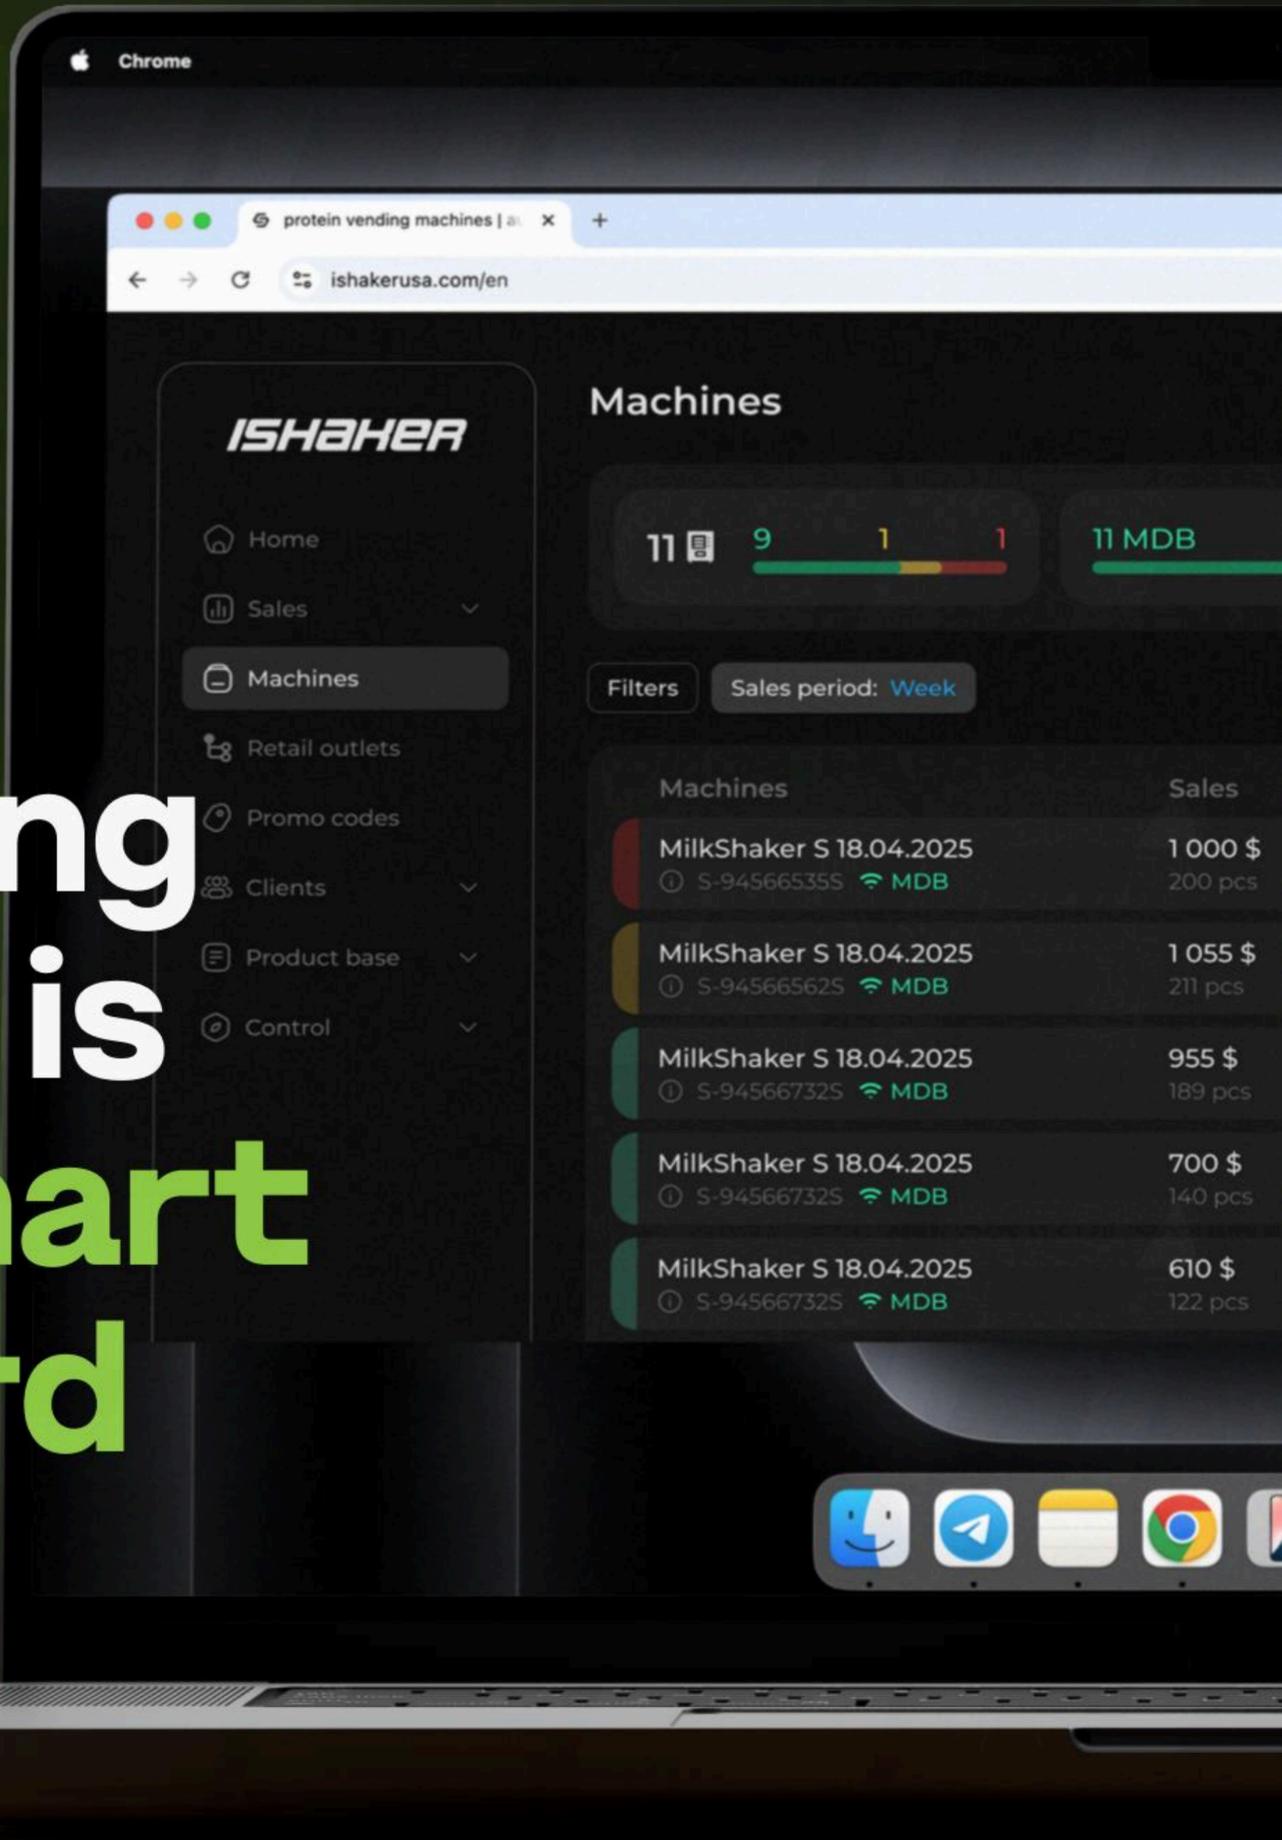

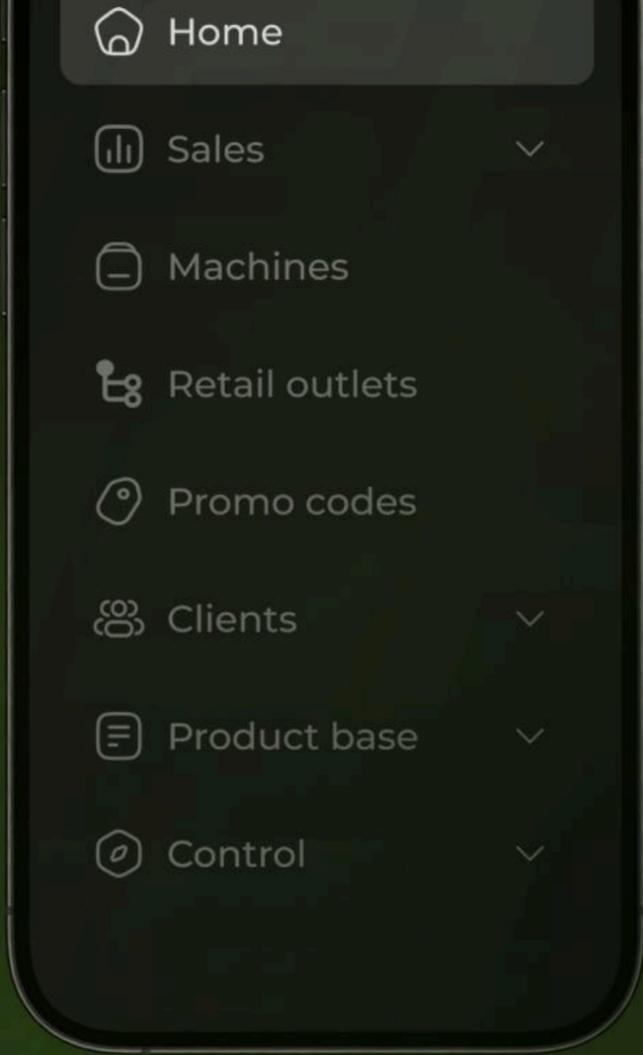

Everyday protein for balanced nutrition.

## Complete flexibility

You can use any powder brand and not only protein. Creatine, BCAA, recovery blends, and other supplements can all be used with the machine.

Available only in the USA

Purchase

We install the iShaker machine for free. You simply host the machine and earn a commission from every sale

## What we provide

Free installation and setup

Full maintenance and support

All ingredient and refills

Admin software analytics

Ideal for: Locations that want to offer iShaker with zero upfront investment

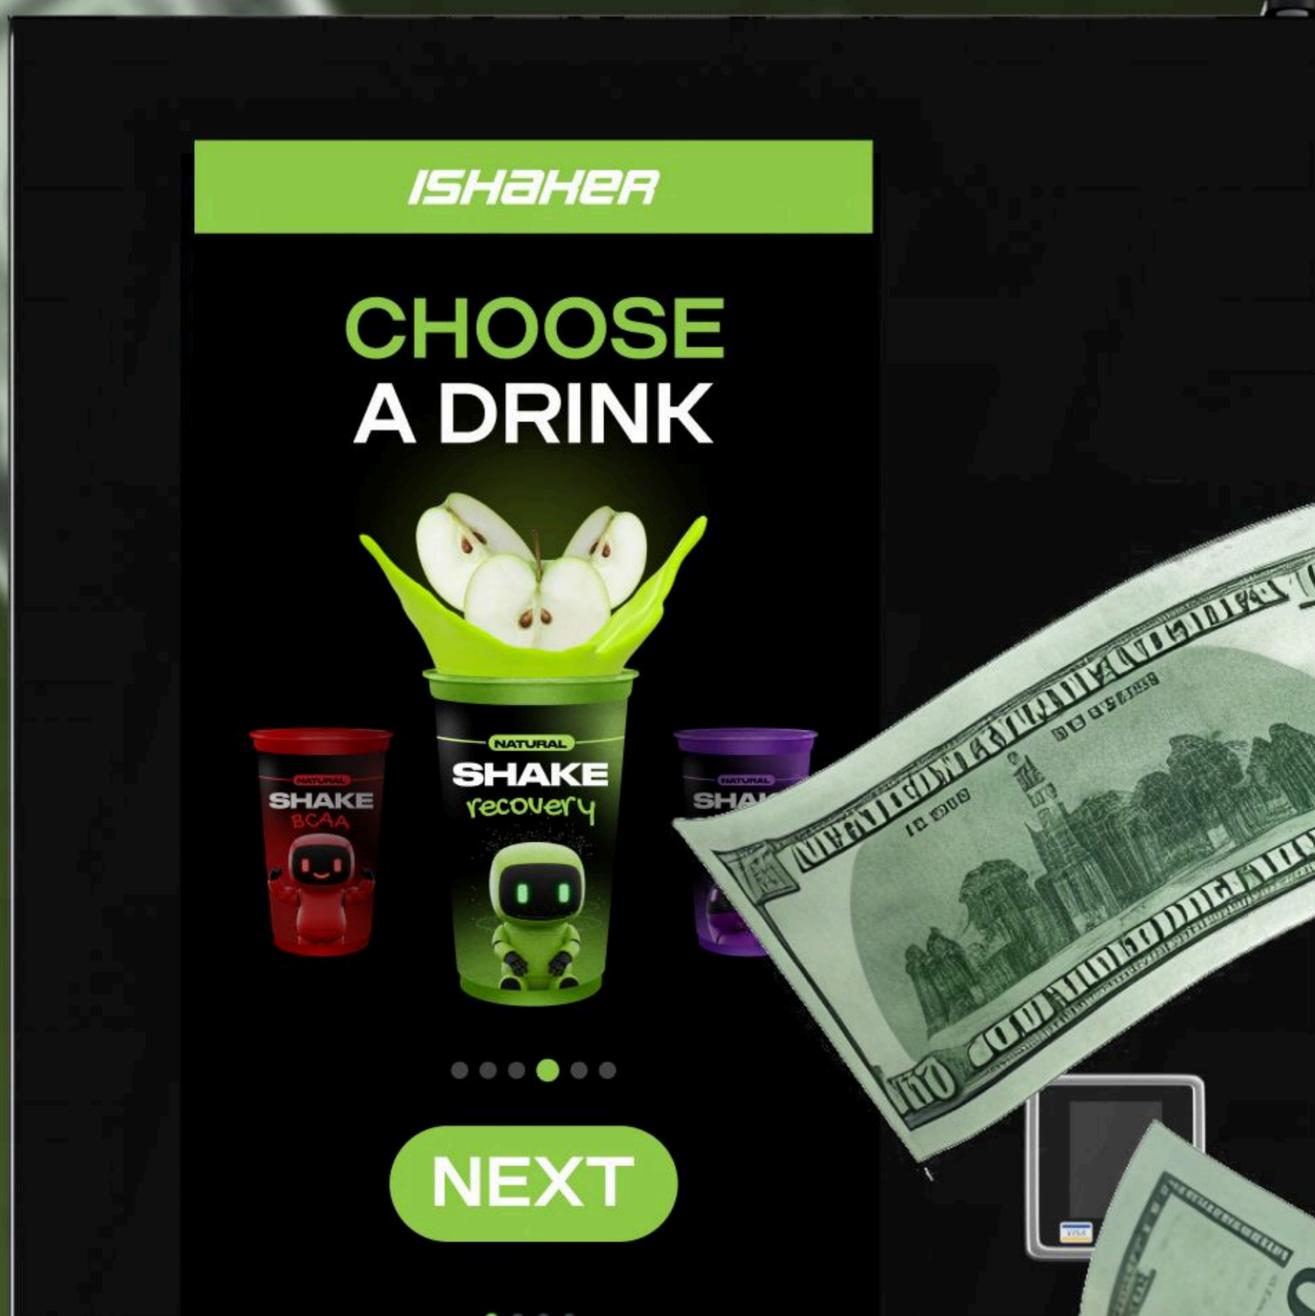

You earn 10–20% of all revenue, depending on location

We can pay a location fee of 10–20%.

***ISHAKER***

# Pays for itself in 2-4 months

With iShaker, every cup is profit –  
and every day moves your gym  
closer to full payback.

***ISHAKER***

# How iShaker Generates Fast ROI

iShaker turns daily gym traffic  
into predictable monthly profit.

## **High-margin product**

Protein shakes have  
one of the strongest  
profit margins in the  
fitness industry.

## **Zero staff needed**

The machine works  
24/7 with no employee  
time required.

## **Fully automated sales flow**

Members buy shakes  
through the touchscreen  
— no supervision.

## **Consistent quality = repeat purchases**

Every shake tastes  
the same → clients  
return daily.

**ISHAKER**

# Example Profit Calculations

## Scenario 1 – Small Gym

20 shakes/day

---

Avg. profit  
per shake: \$3

---

Daily profit: \$60

Monthly profit:

**\$1,800**

## Scenario 2 – Middle Gym

35 shakes/day

---

Avg. profit  
per shake: \$3–4

---

Daily profit: \$105

Monthly profit:

**\$3,200–  
\$4,200**

## Scenario 3 – Large Gym

50-70 shakes/day

---

Avg. profit  
per shake: \$4

---

Daily profit: \$240

Monthly profit:

**\$6,000–  
\$8,400**

In all scenarios, the machine  
pays for itself in 2–4 months,  
depending on traffic.
